- "Get Started" on home page

- download pdf buttons aren't interactive on figma but on the actual website they'll

- "play" button on video pop-ups

- "Browse upcoming events" on Webinars page

- uninteractive pages (undone, only show visuals): volunteer management, feedback dashboard, project management, documents & record keeping

QUESTIONNAIRE

Quantitative Tasks

1. Register for an upcoming webinar
2. Download the tax compliance for charities
3. Locate the performance (in terms of money raised) of the Charity Hub
4. submit a grant application
5. Learn more about digital fundraising tools
6. See tasks in progress for charity projects

QUESTIONNAIRE

Qualitative Questions

1. Do you like the “download PDF” buttons or would you rather have that information displayed on the page without downloading? Or both (missing information)?
2. Do you think the grant page is thorough and resourceful enough? If not, what could we add or remove?
3. What do you think about the home page? How could we make it better? Is there too much colour?
4. Do you like the Video Pop-Up when you click on a video? Or would you rather have that on a separate screen or linked to a different website.
5. Do you want a consistent drop down menu on each page rather than just the back button?
6. How did we do for the Administrative Support categories visually? (this includes Project management page & documents/record keeping page)
7. How do you feel about the feedback dashboard? Is there anything we can add or remove?
8. What do you like or dislike about website and are we close to your expectations? What can we add or fix to exceed? (“nice to have”)
