

Group H: Final Customer Check In Notes

- liked consistency of pages and design theme
- liked and frequent organic linking back to SSCF website, “clearly showed effort in research”
- liked visual and design elements (ex: leafs)
- liked personalized logo
- liked that it’s its own website but still has the SSCF feel
- liked the fact that the site is simple but still has necessary informations
- liked content section on the home page
- liked that we have the content layed out in the home page for so the customer knows the info in the website and for easy access
- didn’t state dislikes

Overall:

The client provided positive feedback during the final check-in. They appreciated the consistent page layout, the organic links back to the SSCF website, and how the site maintained an SSCF brand feel while still being its own platform. Visual elements like the leaf motifs and the personalized logo were well received. They also liked the site's simplicity combined with informative content, especially the Home page content section, which clearly laid out what information was available and made navigation easy. Overall, the client said “good job” and expressed no dislikes or further constructive criticism.
